Bios no Oka

This is a subtropical botanical garden with the slogan, "providing comfort and excitement." The vast park that is filled with the rich nature of Okinawa has a wide variety of flora and fauna unique to subtropical Okinawa. A jungle cruise on the beautiful lake with a fun guide is very popular.

Enjoy the mysterious world of stalactites

CAVE OKINAWA

CAVE OKINAWA is a popular place where visitors can casually enjoy limestone caves. At this biggest limestone cave in the central area of the Okinawa mainland, several limestone stalactites are scattered around, creating a mystical feel. The symbol of the cave, a red-and-white limestone stalactite which is also good luck, is very powerful. The heart-shaped opening of "Heart Rock" is also popular.
